

Traycard - Inside (for clear tray only)

This part is visible from the front

If You want to put text behind the CD it should go within this circle.

Although the plastic tray is clear, the shape of the hub will distort the appearance of anything is this area.

Please note: Background images should extend at least to the bleed (red) lines. Artwork will be cut at the black lines, so we recommend keeping text and important parts of the artwork within the margin (yellow) lines. When the artwork is completed the template should be removed except for the black crop marks at the corners.
